APPENDICES

1. Start-up report completed 2. Device Operation Chart completed 3. Maintenance inspection reports

DETAILED DESCRIPTION OF THE FAILURE

NOTE!

- The service provision cost shall be settled in compliance with the binding price list or determined on the basis of the current post-warranty device valuation.
- In the case of **any unjustified call** of the service staff of VBW Engineering sp. z o.o., the Submitting Person shall cover:
 - the costs of travel to the site (from the service staff's address to the site of the failure occurrence, and the return travel), based on the current Standard Offer, i.e. PLN 2.00/km plus the corresponding travel time costs;
 - the corresponding flight, allowance, visa, taxi, accommodation or other costs connected with service provision,
 - the working hours determined each time, including any downtime resulting through causes not attributable to VBW, for the service staff, at the rate based on the current Standard Offer, i.e. PLN 120.00/hour.
- As regards failures arising through causes not attributable to VBW Engineering sp. z o.o., the repair, replacement and delivery of a replacement device shall be performed at the cost of the **Submitting Person**.
- The commissioning of the service/repair performed by the service staff of VBW Engineering sp. z o.o. shall be based on a service report - the Service Chart, signed by both parties, i.e. the service staff member and the Submitting Person, or a duly authorised person indicated by the Ordering Entity, subject to Point 5.
- If the **Submitting Person, or the person authorised by the Ordering Entity for the purpose of service/repair commissioning, fails to participate in the commissioning**, the employee of VBW Engineering sp. z o.o. shall perform **unilateral commissioning**, drawing up of the relevant service report - the Service Chart. The report signed under such circumstances shall be valid as if signed by both Parties.
- The issuing of the report referred to in Points 4 and 5 above shall form grounds for issuing a service provision invoice by VBW Engineering sp. z o.o., including an obligation to pay for the service in the case of an unjustified call of the service staff, to which the Submitting Person consents.
- The Failure Notification signing shall mean accepting the terms and conditions indicated above.
